## Practical Industrial Hygiene Seminar

Oct. 20 – 21, 2009

Travelers Industrial Hygiene Laboratory offers a comprehensive introduction to the fundamentals of Industrial Hygiene in this two-day seminar. Learn from practicing industrial hygienists about how to recognize, evaluate and control industrial hygiene-related exposures.

Upon completion of this seminar, attendees should be able to:

- Recognize chemical and physical hazards
- Develop effective action plans to control and minimize exposures
- Develop a sampling strategy and select the proper sampling method, media and equipment
- Calculate employee exposure levels from survey data
- Determine the degree of exposure and recommend appropriate control measures
- Evaluate the effectiveness of your industrial hygiene programs (such as hazard communication, respiratory protection and hearing conservation)
- Operate various types of air sampling equipment

### Seminar Details

**Date:** Oct. 20 – 21, 2009

**Time:** 8 a.m. to 5 p.m. EST

**Location:** Travelers Laboratory  
90 Lambertson Road  
Windsor, CT 06095

**Phone:** (800) 842-0355

**Tuition:** \$450

**CEUs:** 1.5 (for CSP designations)

\* Class size is limited, so enroll soon.

### Who should attend?

Safety managers, supervisors, engineers or any individual responsible for measuring, evaluating and managing industrial hygiene exposures.

*Recent attendee said: "I highly recommend this seminar."*
