Utility contractors

TRAVELERS CONSTRUCTION

Utility contractors face many risks both above and below the ground. Whether the work pertains to water, sewer, oil and gas pipeline, power line transmission and distribution, or communication-line construction, safety and risk mitigation are critical. Travelers has a team of knowledgeable underwriters, claim professionals and risk control consultants with solid technical backgrounds in this field, providing a valuable resource to help utility contractors effectively manage risks.

The strength of Travelers

In business more than 160 years, Travelers is a component of the Dow Jones Industrial Average and an industry leader in insurance. We consistently receive high ratings for financial strength and claims-paying ability from independent rating services, including A.M. Best, Moody's and Standard & Poor's. Our financial strength allows us to give customers a long-term commitment to support their business needs.
