PROTECTION FROM EVERY ANGLE

CyberRisk | COVERAGE HIGHLIGHTS FOR PRIVATE, NONPROFIT AND PUBLIC COMPANIES

WHY YOU NEED THE PROTECTION

It takes only one cyber event or data security breach to impair your company's financial results, or even potentially put you out of business. One resourceful hacker, virus, or system glitch can shut down your entire network within minutes, paralyzing operations and your ability to earn income. One successful hack, lost laptop, or lost paper record can cause a data breach impacting the privacy of customers, employees, and others. Travelers has you protected from every angle... pre-breach, post-breach and always.

COVERAGE HIGHLIGHTS

CyberRisk coverage is specifically designed to help in the event of a cyber breach. It's available for businesses of all sizes as a stand-alone policy or as part of a management liability suite of coverages. CyberRisk provides more solutions with options that include coverage for forensic investigations, litigation expenses associated with the breach, regulatory defense expenses/fines, crisis management expenses, business interruption and cyber extortion. And now, CyberRisk protection doesn't end after a breach occurs. New to CyberRisk is Betterment – an insuring agreement that provides coverage for costs to improve a computer system after a security breach, when the improvements are recommended to eliminate vulnerabilities that could lead to a similar breach. In addition to coverage, Travelers provides policyholders innovative value added pre-breach and post-breach risk management services at no additional cost.

These include access to Travelers pre-breach services provided by Symantec™, a global leader in cybersecurity solutions. Services include a Cyber Resilience Readiness Assessment and Consultation, Security Coach Helpline, Cyber Security Awareness training videos and much more. Policyholders also receive access to Travelers' eRiskHub® – an information portal that includes pre-breach and post-breach benefits such as:

- ▶ Tools to build privacy controls, information and IT security programs
- ▶ Calculators to estimate potential costs of an event
- ▶ Breach Coach®, Privacy Coach and Security Coach consultations
- ▶ Listing of experts who help customers build/improve cyber programs
- ▶ Sample incident roadmap for dealing with a breach
- ▶ Easy access to Travelers' claim reporting website

TRAVELERS CYBERRISK COVERAGE INCLUDES THE FOLLOWING INSURING AGREEMENTS:

Liability Insuring Agreements:

PRIVACY AND SECURITY

Coverage for claims arising from unauthorized access to data, failure to provide notification of a data breach where required by law, failure to destroy confidential information, failure to comply with a privacy policy, wrongful collection of private or confidential information, failure to prevent a security breach that results in the inability of authorized users to gain system access, the participation in a DDoS attack, or the transmission of a computer virus.

MEDIA

Coverage for claims arising from copyright infringement, plagiarism, defamation, libel, slander, and violation of an individual's right of privacy or publicity in electronic and printed content.

REGULATORY

Coverage for administrative and regulatory proceedings, civil and investigative demands brought by domestic or foreign governmental entities or claims made as a result of privacy and security acts or media acts.

Breach Response Insuring Agreements:

PRIVACY BREACH NOTIFICATION

Coverage for costs to notify and provide services to individuals or entities who have been affected by a data breach. Examples include call center services, notification, credit monitoring and the cost to purchase identity fraud insurance.

COMPUTER AND LEGAL EXPERTS

Coverage for costs associated with analyzing, containing, or stopping privacy or security breaches; determining whose confidential information was lost, stolen, accessed, or disclosed; and providing legal services to respond to such breaches.

BETTERMENT

Coverage for costs to improve a computer system after a security breach, when the improvements are recommended to eliminate vulnerabilities that could lead to a similar breach.

CYBER EXTORTION

Coverage for ransom and related costs associated with responding to threats made to attack a system or to access or disclose confidential information.

DATA RESTORATION

Coverage for costs to restore or recover electronic data, computer programs, or software lost from system damage due to computer virus, denial-of-service attack or unauthorized access.

PUBLIC RELATIONS

Coverage for public relations services to mitigate negative publicity resulting from an actual or suspected privacy breach, security breach, or media act.
