

Employment Practices Liability Coverage

TOP 5 REASONS YOUR BUSINESS NEEDS COVERAGE

1 You make decisions everyday that impact your employees: hiring, compensation, promotions, accommodating disabilities, terminations and more. Each of these can lead to a claim for a wrongful employment practice if not handled correctly.

2 Both defense costs and settlement amounts for employment practice claims can have a **serious financial impact** on a company. Employment practices insurance is **critical to protect organizations** from the potentially large cost of employment litigation.

3 Even an organization with good human resources policies and procedures in place can be sued, and **the cost of defending a claim can be enormous**. It is not uncommon for legal fees associated with winning an employment lawsuit to exceed \$250,000.

4 **Managing employment practices claims can be complex**. Travelers can help. Your claim will be assigned to a claim professional as well as an outside attorney who has expertise in the legal environment in your local area.

5 Travelers employment practices coverage includes access to **Risk Management Plus+ Online**® at no additional cost to you. This dynamic, web-based platform is a one-stop resource that provides a comprehensive set of risk prevention tools.
